Turn Your Business Into a Overnight Success Story by Learning How to Go Viral!

Harnessing the Power of Viral Marketing Where Everyone is Suddenly Talking About Your Company, Product or Service is the an Effective Means to Becoming a Rapid Success in a Short Period of Time!

Viral marketing buzz occurs daily, in normal, unspectacular circumstances and when you least anticipate it.

The grapevine, rumors, the whispers in your ear are what buzz is all about. Those little flecks of information that individuals share over a cup of java....the outrageous occurrence that somebody just saw and can't wait to describe or the unbelievably cool product that a acquaintance of a friend just purchased are the body and soul of buzz...and buzz marketing or viral marketing, depending upon what you wish to call it.

We all recognize what a computer virus is. It spreads from one PC to another in the blink of an eye. Now "Buzz" is the virus of promoting... it spreads to other buyers and has an epidemic of sales of your product or service.

It may be that "e-mail this to an acquaintance" button that's simply calling to you to click it, or a pair of real (and really satisfied) lips whispering persuasive endorsements into receptive ears; buzz marketing may transmit your business message at warp speed and do it at no cost to you!

Discussion boards, blogs, e-mail lists and product review web sites are the conversations that consumers have with each other and represent the biggest collection of word-or-mouth or buzz advertising that's ever existed.

FREE BONUS #26: Webinar Authority

The Step-by-Step Guide on How to Prepare, Present, Host, and Execute a Successful Webinar!

Webinars have become one of the most popular ways to promote a business in the past few years. They are so effective because they provide an immersiveness that other forums of media do not and attendees get real-time information delivered straight to them, not to mention the interactivity of question-and-answer sessions. According to the Adobe Software blog, webinars rank in the top three of the content delivery methods out there.

If you are reading this book and have no idea what the word 'webinar' actually means, it is a method of communicating to a group via a specific platform, with the ability to share information with them like voice, text, slides, multimedia and more. Webinar is a play off of the word 'seminar' because that's what a webinar basically is – a seminar for the web.

In order to use a webinar to promote your business, you are going to need to know the secrets to a successful webinar. This book is your guide to putting on a successful webinar, including emphasis on the most important concepts. According to SlideShare, the elements that engage 70% of people the most are interesting content and a passionate speaker.

This book will help you become a passionate and engaging speaker, as well as develop your idea so that you can host the best webinar possible. In addition, we will be covering other concepts that are vital to webinars, such as the equipment that you will need, mastering Q&A's, working with co-organizers and hiring staff and much more.

This book is divided into three sections. The first section will cover what you need to do before your webinar starts. The second is information you will need to start your webinar and things that happen during. Finally, the third section will cover what happens after your webinar is over and how you can begin preparing for the next one.
